## "Facts On Adoption"

Presented by: Laura Hoffman, MSW, LCSW

Presenter, Laura Hoffman, MSW, LCSW, has twenty years of Clinical Social Work experience. As an adoptive mother herself, as well as a private practice therapist, and a Social Work Supervisor at a small, not for profit adoption agency, Ms. Hoffman educates the participant of the various clinical nuances that occur through out the adoption journey.

The program focuses on the adoption triad, the Birth Parents, the Adoptive Parents and the Adoptee, and many of the clinical factors that impact each triad member. Each participant will become more comfortable with adoption language and the current trends and norms in creating adoption plans. Mental Health professionals will benefit in obtaining a skill set in managing what can potentially be a complicated psychosocial dynamic.

This one hour CEU has been approved by the National Association of Social Workers (Approval number - 886527261-1195). Each participant will receive a Certificate of Attendance with one hour of CEU approval.
